Report of Principal and School Improvement Council

Recipient of the Palmetto Gold Award for Overall Academic Achievement, C.E Williams Middle School for Creative and Scientific Arts focuses on providing students the highest quality instruction, support and opportunities every day.

Students were able to earn high school credit by successfully completing English 1, Algebra 1, Keyboarding, Computer Applications, and Spanish 1 courses. Academic support included reading and math intervention courses, Saturday Academy tutoring and Afternoon Academy tutoring.

Our guidance department provided support through organization support groups, mentoring groups and two Garden Clubs which raised and shared their produce. Through a partnership with the Citadel Military College, the Peer Express mentoring group met with students weekly. In addition, business partners such as Rick Hendrick BMW allowed their employees to mentor students weekly. Students were involved in community service and fundraising efforts including those that benefited Caps for Kids, Jeans for Teens, the Lowcountry Food Bank, Pet Helpers and the Susan G. Komen Foundation. A commitment to providing students with diverse opportunities in the arts saw an expansion of courses to include Creative Writing while adding experiences in the arts to include Glee Club, Steel Drums, Art Club and Drum Line. Visual artists and musicians shared their experience and expertise through guest speaking and presentations.

Students participated in experiences that took learning beyond the classroom from 7th and 8th graders kayaking to study ecosystems and 6th graders taking a three day trip to the Mountain Outdoor Trail School in North Carolina, to 6th, 7th and 8th grade students participating in the Boeing Dreamlearners program. As a part of our Green Schools Initiative, a group of several students attended the Sustainable Schools Initiative Summit.

The curriculum came alive through interactive lessons and real life experiences characterized by visits from a Holocaust survivor and the daughter of Holocaust survivors, as well as presentations by the Department of Natural Resources and the Medical University of South Carolina.

We encourage parents and community members to become involved in our school as we focus on preparing students for high school, college, and careers in the 21st century.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
